

Iron Rose Sister Ministries Prayer Guide, February 2018

Thank you for joining us in prayer this month! Through your prayers, God has transformed even some of the plans that we had in place at the beginning of the month.

In our current stage of strategic growth, we are humbled and excited to see all God is doing. Thank you for being an integral part of the way He is working, by your prayers and support.

Here is a summary of what we are lifting in prayer during the Prayer-a-thon Saturday, February 24.

Thanksgiving

- The doors God has opened to bless and equip more than 3,000 women in 2017, across the Americas—all the God stories!
- The doors God has closed in order to guide us more clearly where He wants us to work in 2018 and in the future
- Prayer warriors, financial supporters, Board of Directors, interns, IRSM Reps, and volunteers
- The women, by name, that we each know who have been blessed, equipped, inspired, and encouraged by being and having an Iron Rose Sister

Requests

- Wisdom as we strategically plan and prepare for growth (weekend-long Board gathering in September to pray, plan, and seek God's will for IRSM)
- God's guidance and trusting His timing through the pruning, seed-planting, watering, and growth
- Listening to God as a ministry and as individuals
- God's provision: financial (new growth areas) and workers—specifically in marketing, social media, graphic design, video production, small business/nonprofit experience, Board of Directors experience, PR/communications, and fundraising
- The impact God can make in the kingdom through IRSM: families, churches, individuals, and the world
- That our resources will be used to equip, encourage, and inspire more women in English, Spanish, and bilingual contexts, across the Americas

Ongoing Equipping

- Small group Bible studies in English and Spanish, in Searcy, AR, and across the globe (Let us know where you are using IRSM Bible study materials!)
- Online audio and video resources
- Weekly blog posts in English; three blog posts/week in Spanish
